**Directions**

- Cut a side opening card base 21cm x 14.85 (8-1/2" x 5-1/2") from the Peach Pie card stock. Score halfway at 10.5cm (4-1/4").
- For the first layer cut a piece from Basic White card stock measuring 10cm x 14.4cm (4" x 5-1/4").
- Optional: Cut a card liner out of basic white, 10cm x 14.4cm (4" x 5-1/4").
- Cut three rectangles 9.5cm x 3cm (3-3/4" x 1 3-16") These can be from three different patterns from the Designer Series Paper or all the same pattern.
- Glue the rectangles to the white card layer leaving a 5cm (1/4" ) border top bottom and sides. The three rectangles should be evenly spaced towards the top.
- Stamp the beach umbrella and greeting onto the bottom space of the white layer using the Memento Stampin Pad. Color the unbrella with the markers and use the Pecan Pie marker to make squiggles indicating sand.
- Place one of resin dots on the left side of each of the triangles. I used the Petunia Pop color on the Berry Burst rectangle, as you can see the match is almost perfect.
