- Basic White Card Stock
- Pretty In Pink Stampin Pad
- 2024-2026 In Colors Shimmer Dots

Directions

- Cut a side opening card base 21cm x 14.85 (8-1/2" x 5-1/2") from the Pretty In Pink card stock. Score halfway at 10.5cm (4-1/4").
- For the first layer cut a piece from Basic White card stock measuring 10cm x 14.4cm (4" x 5-1/4").
- Optional: Cut a card liner out of basic white, 10cm x 14.4cm (4" x 5-1/4").
- Cut three rectangles 9.5cm x 2.5cm (3-3/4" x 1") These can be from three different patterns from the Designer Series Paper or all the same pattern.
- Glue the rectangles to the white card layer leaving a 5cm (1/4") border top bottom and sides. The three rectangles should be evenly spaced towards the top.
- Stamp the smaller rose stamp onto the bottom space of the layer using the Pretty In Pink Stampin Pad. I also added the "thanks" greeting from the stamp set as well.
- Place three of the shimmer dots in a triangle under the greeting.
- Raise the entire layer up on dimensionals.
