Directions

- Cut a right side opening card base 21cm x 14.85 (8-1/2" x 5-1/2") from the Daffodil Delight card stock. Score at 10.5cm (4-1/4"). Fold and burnish well.
- Optionally cut a card liner from basic white card stock measuring 10cm x 14.35cm (4" x 4-1/2").
- For the First Layer cut a piece of the Floral Delight Designer Series Paper to act as a back ground to 10cm x 14.35cm (4" x 4-1/2").
- For the next layer cut a rectangle from a piece of the Floral & Gingham Vellum to 4.5cm x 10.85cm (2-1/4" x 4").
- Die cut the two coordinating pieces of the daisy, the poppy and the mini flower. The base for all three pieces is cut from a scrap of Lemon Lolly card stock, the 'centers' are cut from Daffodil Delight Card Stock.
- Using the liquid glue, adhere the co-ordinating pieces together.
- Affix the vellum to the card front using the multipurpose liquid glue, place the glue only on the areas that will be covered by the die cuts.
- Place the die cuts on to the card front as shown in the finished photo. Raising them up on dimensionals.
- Cut a strip of white card stock 1.5cm x 6.5cm (1/2" x 2-5/8"). Stamp the greeting using Daffodil Delight ink (the one I used is from the Tags of Thanks Photopolymer Stamp Set). Place two dimensionals onto the right side of the back of the greeting strip and place down as shown on the card. I used a bit of liquid glue to adhere the left side of the greeting to the large flower.
- Finish the card using the yellow flat pearls from the brand new 2025-2027 In Color Collection.
