Directions

- Cut a right side opening card base 21cm x 14.85 (8-1/2" x 5-1/2") from the Cloud Cover card stock. Score at 10.5cm (4-1/4"). Fold and burnish well.
- Optionally cut a card liner from basic white card stock measuring 10cm x 14.35cm (4" x 4-1/2").
- For the First Layer cut a piece of the 2025-2027 In Color Designer Series Paper to act as a back ground to 10cm x 14.35cm (4" x 4-1/2").
- For the next layer cut a rectangle from a co-ordinating piece of the 2025-2027 In Color Designer Series Paper to 4.5cm x 10.85cm (2-1/4" x 4"). Optionally you can round the corners of this piece.
- Die cut two of the tags, the smallest key and the lock from the Thoughtful Designs Designer Series Paper. I used the lightest corner from the light blue sheet. Using the small heart die, cut out the heart on the rectangular tag. Saves these hearts to add to the card front.
- Affix the rectangle to the card front using the multipurpose liquid glue.
- Thread a small piece of the silver 3/16" trim through the shaped die cut. Place this die cut on to the card front as shown in the finished photo. Raising it up on dimensionals.
- To create the focal point on the bottom, tie a small bow with the Cloud Cover ribbon. Thread a small piece of the silver 3/16" trim through the bow's center and thread the rectangular tag and the lock onto the ribbon, knot the ends together and trim the tails short.
- Add a glue dot to the back of the bow and place as shown on the finished card photo. Arrange the lock and tag as shown, use a dimensional on the back of each to affix.
- Finish the card by gluing down the small key to the bottom right corner and the hearts (cut from the rectangular tag). I added some of the Cloud Cover flat pearls from the brand new 2025-2027 In Color Collection for a bit of extra sparkle.
