Directions

- Cut a right side opening card base 21cm x 14.85 (8-1/2" x 5-1/2") from the Calypso Coral card stock. Score at 10.5cm (4-1/4"). Fold and burnish well.
- Optionally, but recommended, cut a card liner from very vanilla card stock measuring 10cm x 14.35cm (4" x 5-1/4"). This is to add weight to the card but is not truly necessary for this card.
- For the First Layer cut a piece of the Beautiful Gallery Designer Series Paper to 10cm x 7.6cm (4" x 3").
- Cut four squares 5.1cm x 5.1cm (2" x 2") out of the Calypso Coral card stock. Emboss two of the squares using the Damask Designs Embossing folder.
- Cut two squares 4.8cm x 4.8cm (1-7/8" x 1-7/8") out of the Designer Series Paper. Attach each square on to one of the Coral squares, leaving a narrow border on all sides.
- Glue the squares to the First Layer as shown in the finished photo/card sketch photo. Trim off the edges even with the first layer. Attach the first layer to the card front leaving an equal border of card stock showing on all sides.
- Die cut the label from Very Vanilla card stock using the 1.5cm x 7cm (1/2" x 2-5/8") flaged rectangle from the Stylish Shapes dies or you can cut a strip of the Vanilla card stock to 1.5cm x 7cm (1/2" x 2-5/8") and notch each end. Stamp the greeting in the Calypso Coral ink. Place dimensionals on the back side of the label and attach to the card front as shown in the finished photo.
