Directions

- Cut a bottom opening card base 21cm x 14.85 (8-1/2" x 5-1/2") from Pumpkin Pie card stock. Score at 10.5cm (4-1/4"). Fold and burnish well.
- Cut a card liner from the basic white card stock, 10cm x 14.35cm (4" x 5-1/4"). Stamp a greeting or image as desired. This piece can be affixed to the inside of the card at any time.
- Cut a strip of black card stock to 12.5cm x 6.5cm (4-1/2" x 2-1/2"). To cut the 'flag ends', as shown in the finished card photo, Mark center of the strip on each end 3.25cm (1-1/4"). From this mark measure down, toward the center of the strip, 1 cm (3/8") and make a second mark. Cut from each corner to the lower centered 1 cm (3/8") mark.
- Place the black strip in the embossing folder and run through your Cut and Emboss machine. Adhere the finished black strip flat to the center of the card front using liquid adhesive.
- The 'tag' is die cut from a piece of the Frightfully Fun Designer Series Paper using the tag die from the Oh My Fright! die set. The tag will be a little too long. If you are using metric measurements and A-4 paper trim 3cm from the end of the tag. If you are using US Standard card stock and imperial measurements you will need to trim 1" from the bottom of the tag.
- Using a sponge dauber, edge the tag with Gray Granite ink. This will help the tag stand out from the orange card base. Tie or loop a length of black bakers twine through the hole in the top of the tag. Adhere the tag to the center of the front of the card base with dimensionals.
- For the greeting cut a small piece of the very vanilla card stock to 5cm x 3.2cm (2" x 1-1/4"). Stamp the greeting with the Hybrid Black ink. Allow the ink to dry for a moment while you thoroughly clean the stamp. Ink up the stamp with the Pumpkin Pie ink and position the stamp lightly offset from the black impression and stamp.
- Place a dimensional on the back right side of the greeting strip and a bit of glue under the left side. Position the greeting as shown in the finished photo.
- Stamp the cat and bat images onto a scrap of very vanilla card stock using the black hybrid ink. Die cut out the images using the matching dies. The cat image was colored with the light and dark Gray Granite Stampin' Blend markers. Adhere the die cuts flat to the tag as shown in the finished photo.
- Finish the card with a trio of little ghosts from the Adhesive-Backed Bats, Ghosts and Dots embellishment set.
